

Veterans Home - Chippewa Falls

8.8.2022 Veterans Home Family Updates:

Dear Family and Friends of the Veterans Home at Chippewa Falls,

There is one team member newly diagnosed with COVID-19 since our last update. PCR confirmatory test results are still pending. Additionally, no one at the Veterans Home is listed as a closed contact for this team member.

Accounting for all recent recoveries, currently we only have 1 active case of COVID-19 on campus (0 members, 1 team member).

Visitors are still being welcomed to all households. Please understand the risks associated with visiting during a COVID-19 outbreak if you do choose to visit. Please consider visiting outside with your loved one if the weather is nice, or consider telephone or virtual visits if you are more comfortable with connecting from afar.

COVID-19 Infection Prevention and Response Action Plan is in place to ensure our members, team members, and families stay safe. This plan is located in your last update last week and can be found on our website as well.

If you are not feeling well, please do not visit until you have taken a COVID-19 test and have fully recovered from your symptoms. If you do test positive after recently visiting the Veterans Home, please alert us so we can take proper precautions for your loved one and the other members & team members at the Veterans Home.

Thank you for your commitment to the health and safety of everyone at our Home.

Thank you,

Katie Plendl
